50%
Cut in call-center handle time, healthcare service design

1M+
Consumers reached across Automotive, Furniture Retail & Multi-Family

35%
Gain in customer retention and PSAT, OneTrust Privacy Management

15+
Years leading enterprise UX across SaaS, Fintech, Healthcare, Industrial

PROFILE SUMMARY

UX design leader with 15+ years scaling design organizations and systems across Enterprise SaaS, Fintech, Healthcare, and Industrial sectors. Built a UX department from the ground up at PERQ Software, led enterprise engagements for Fortune 500 clients including Caterpillar and Allison Transmission as an agency UX Director, and currently lead UX strategy for OneTrust's Privacy Management domain, driving AI-integrated design workflows across OneTrust's enterprise SaaS platform. Hands-on interaction designer recognized by peers for simplifying complex enterprise workflows, and a committed coach and mentor who grows designers' craft and careers. Figma expert with hands-on Claude Code, Claude Cowork, and Figma Make experience compressing prototype-to-validation cycles and cutting engineering cost before development begins.

TECHNICAL SKILLS

Design & Prototyping	Figma (Expert), Interaction Design, Workflow Simplification, Design System Architecture (Tokens/Variables), Component Libraries, Storybook, Figma Make
AI-Assisted Design	AI-Driven Prototyping, LLM-Guided UI — Claude Code, Claude Cowork, Figma Make
Analytics & Research	Pendo (Power User), GA4, Maze, User Journey Mapping, ROI Modeling
Platforms	Vercel, Figma Make, Glean, Claude, GitLab, GitHub, Netlify
Leadership	Team Building & Management, Design Coaching & Mentoring, Career Path Mentoring, Workshop Facilitation, Business Development, Agile/Scrum

PROFESSIONAL EXPERIENCE

Senior Principal UX Design Lead — OneTrust

06/2024 – Present

- Serve as domain lead for OneTrust's Privacy Management domain — the company's oldest and largest domain, serving major global enterprises including Audi, Walmart, and The Walt Disney Company — directing, coaching, and mentoring a team of 3 UX designers through design critique, priority-setting, and career growth plans.
- Own UX strategy for OneTrust's Privacy Management domain, overseeing product and interaction design across 8 modules and improving customer retention and PSAT scores by 35%; recognized in peer evaluations for simplifying complex enterprise workflows.
- Leading the org's shift to AI-assisted design workflows using Claude Code and Claude Cowork, compressing prototype-to-validation cycles from 4 to 2 sprints.
- Built Pendo-based analytics reporting for the design team, using PSAT scores, workflow and retention reports to prioritize the roadmap and justify design decisions to leadership.
- Identified and closed platform-wide UX friction points, contributing to a 26% lift in consumer engagement.

UX Director — The Basement (Integrated Agency)

09/2020 – 06/2024

- Managed and grew a cross-disciplinary team of 6, running performance reviews and career pathing for the design department.
- Redesigned the end-to-end purchase journey for a SaaS e-commerce client, lifting conversion by 25% and eliminating product substitution in the decision stage.

- Led UX research for Purdue University's Office of Technology Commercialization, surfacing friction in licensing and tech-transfer workflows that shaped improved search taxonomy and tech scout summary documentation.

Senior UX Architect — NextGear Capital

09/2019 – 07/2020

- Set UX/UI standards for NextGear's financial and automotive software suite, aligning design across marketing-facing and internal tools.
- Delivered rapid prototypes that validated features with users before engineering investment, cutting programming cost by 25% and time-to-market by 16 weeks.
- Built the company's first component library and style guide, giving engineering a reusable foundation for future features.

Senior UX Architect — DMI Consulting

03/2019 – 09/2019

- Facilitated UX strategy workshops in Puerto Rico for a healthcare client, using stakeholder alignment and journey mapping to cut call-center handle time by 50%.
- Won and delivered enterprise UX engagements with Allison Transmission, Caterpillar, and KAR Global (Openlane), driving the agency's expansion into industrial and automotive accounts.
- Directed a data-driven UX overhaul for a large Midwest healthcare system, improving patient portal access and simplifying clinical information architecture for over 356,000 patients across Medicare, Medicaid, and private insurance.

User Experience Manager — PERQ Software

11/2015 – 03/2019

- Built PERQ's UX department from zero — staffing, process, and tooling — and launched monthly "Lunch and Learn" sessions to grow the team's technical and strategic skills.
- Designed end-user experiences reaching 1M+ consumers across Automotive, Furniture Retail, and Multi-Family Dwelling markets.
- Built and maintained the company's design system and component library in Sketch, standardizing tools and process across the department.

Director of Media Technology — Express Holdings

08/2011 – 11/2015

- Partnered with executive leadership to scale the startup, securing contracts within the State of Indiana.
- Served as lead UX Architect and Product Designer for enterprise B2B SaaS applications, owning the full product lifecycle.
- Directed development of an online dealership compliance LMS, including interactive training video and a skill-tracking engine for regulatory compliance.
- Designed and produced a worldwide exhibit animation and planetarium show for the Children's Museum of Indianapolis.

EDUCATION

Master of Science, Informatics & HCI
Indiana University

Bachelor of Fine Arts, Graphic Design
Ball State University
